Dear Marta,

RE: QUARTERLY REPORT

Thank you for your correspondence dated 30th January, 2007 seeking clarification relating to our quarterly Appendix 4C. In response to the questions raised we can advise as follows;

1. The conclusion you are suggesting in your question is not correct as the circumstances that prevailed in the quarter to which the report relates may not apply in the current quarter. Payments made to suppliers were higher than the amount collected during the quarter. The amount owing to us in respect of commissions from real estate transactions awaiting settlement is still very significant which is expected to be received over the course of the next three months.
2. No. But if future negative cash flows are encountered it is expected that the companies cash position will be restored through a combination of sale of investment shares, cash injections from the major shareholder and new capital.
3. The revenues for the quarter were less than our budget whilst expenses during the quarter measured on an accruals basis were broadly in line with our expectations. The increase in amounts owing to us by our customers was expected to rectify itself by 31st December, 2007 as property settlements took place, however a number of these were delayed for reasons outside of our control.
4. The shortfall in revenue developed over the course of the 3 month period and income from December Expo's was not as great as had been expected.
5. Yes, it is considered that the company is in compliance with the listing rules including listing rule 3.1.
6. The composition of the balance sheet, relative size of liabilities to assets and access to funds is broadly in line with what had been expected at this stage of the company's growth plan. Any change in financial condition is kept under constant review and would be reported to the market immediately if it were expected to have a material effect on the price or value of the entities securities.

Please be in touch if we can provide anything further.

Yours faithfully,
BBX HOLDINGS LTD.

Dear Donald

BBX Holdings Limited (the "Company")

I refer to the Company's Quarterly Report in the form of Appendix 4C for the period ended 31 December 2007, released to ASX Limited ("ASX") via a Company Announcement on 30 January 2008 (the "Appendix 4C"). ASX notes that the Company has reported the following.

1. Receipts from customers of \$2,512,000.
2. Negative net operating cash flows for the quarter of \$105,000.
3. Negative cash at end of quarter of \$472,000.

In light of the information contained in the Appendix 4C, please respond to each of the following questions.

1. It is possible to conclude on the basis of the information provided that if the Company were to continue to expend cash at the rate for the quarter indicated by the Appendix 4C, the Company may only have sufficient cash to fund its activities for less than 2 quarters. Is this the case, or are there other factors that should be taken into account in assessing the Company's position?
2. Does the Company expect that in the future it will have negative operating cash flows similar to that reported in the Appendix 4C for the quarter and, if so, what steps has it taken to ensure that it has sufficient funds in order to continue its operations at that rate?
3. To what extent have the Company's actual revenues and expenses in the quarter, as reported in the Appendix 4C, matched the Company's anticipated revenues and expenses for that reporting period?
4. If the Company's actual revenues and expenses are not substantially in accordance with the Company's anticipated revenues and expenses, when did the Company become aware that its revenues and expenses would not substantially match the anticipated revenues and expenses? You may wish to outline any circumstances that may have had an effect on the Company's revenues and expenses.

5. Can the Company confirm that it is in compliance with the listing rules, and in particular, listing rule 3.1?
6. Please comment on the Company's compliance with listing rule 12.2, with reference to the matters discussed in the note to the rule.

Listing rule 3.1

Listing rule 3.1 requires an entity to give ASX immediately any information concerning it that a reasonable person would expect to have a material effect on the price or value of the entity's securities. The exceptions to this requirement are set out in the rule.

In responding to this letter you should consult listing rule 3.1 and the guidance note titled "Continuous disclosure: listing rule 3.1".

If the information requested by this letter is information required to be given to ASX under listing rule 3.1 your obligation is to disclose the information immediately.

Your responsibility under listing rule 3.1 is not confined to, or necessarily satisfied by, answering the questions set out in this letter.

This letter and your response will be released to the market. If you have any concerns about your response being released, please contact me immediately. Your response should be sent to me on facsimile number (02) 9241 7620 or by email at marta.kielich@asx.com.au. It should not be sent to the Company Announcements Office.

Unless the information is required immediately under listing rule 3.1, a response is requested as soon as possible and, in any event, not later than half an hour before the start of trading (ie before 9.30 a.m. E.S.T.) on Tuesday, 5 February 2008.

If you are unable to respond by the time requested you should consider a request for a trading halt in the Company's securities.

If you have any queries regarding any of the above, please let me know.

Yours sincerely,

(sent electronically without signature)

Marta Kielich
Adviser, Issuers (Sydney)
